

The Hockey Program ‘Carnival of Champions’ for Drew Calvert
Sunday, May 16, 2010 from 11:00 am to 5:00 pm
Donnan School
7803-87 Street Edmonton, AB

In the spring of 2008, **Drew Calvert** graduated from **The Hockey Program** at Vimy Ridge Academy. Armed with his diploma and much athletic expertise derived from years spent ‘minding the twine’, Drew was to enter post-secondary schooling and begin making his dreams of working in the field of instrumentation come to fruition. But in the summer of 2009, Drew’s life changed forever.

In July of 2009, Drew was run over by a vehicle driven by an acquaintance and subsequently dragged underneath. Drew barely survived; a broken neck, crushed pelvis, and punctured lungs are dreadful injuries to overcome. Drew now has quadriplegia, and his biggest challenge has become learning to live this new reality.

Drew's family is renovating ... installing an elevator, re-sizing doorways, and making other improvements for their

son. They need a specialized vehicle for Drew – one that will grant him that very important independence every 19-year old needs. And, like most parents, The Calverts worry about Drew’s education.

Now, in the spring of 2010, Drew’s Friends come together in a very special way. **“The Hockey Program ‘Carnival of Champions’ for Drew Calvert”** will be held in May at the Program’s Donnan School Campus. Members and alumni from Edmonton’s professional sports teams like the **Oilers** and **Eskimos** will be on hand to play carnival games, autographs and photos with celebrities will be available, and politicians and others will good-naturedly take ‘pies in the face’. There will be a farmer’s market, lots of food, and a silent auction featuring incredible items and memorabilia. And grads from **The Hockey Program** now playing in the **WHL**, **AJHL**, and other junior leagues will make special appearances.

Donations to **“The Drew Calvert Trust Fund”**
accepted at any **Canadian Western Bank** branch in Alberta
